# THE FUTURE OF VENUE ENTERTAINMENT

**THE GIRLS CLUB** is a collective of the most talented entertainers in the city. As a unit, we thrive on creating remarkable experiences through live performance arts. Members go through a rigorous process in our 'Academy', and are hand picked to represent elegance, beauty & freedom.

## POP-UP PERFORMANCE

Our spontaneous & immersive performances are centered around your audience. Our sets are tailor-made to the needs of your event. We create an alternate reality through character development, music selection, props, utilization of the venue, and world class dance routines.

## THE EXPERIENCE

The evening begins with anticipating the next move but ends up drawing you out of your seat. We can woo any audience in a private venue, public event, live exhibit, or corporate function.
